Forecast for Sunday 12 Sep 2021

Weather: Cloudy, damp start over northern Cairngorms, otherwise a dry day in most areas and becoming brighter with sunny spells developing. There is just a small chance of catching a light afternoon shower.

Chance of cloud free mountain/hill tops above 800m: 40% mainly south of area at first, improving 80% by afternoon.

Visibility: Poor in north of area at first with clouds well down the hills. Otherwise the air during the day will have great clarity resulting in very good visibility as clouds lift above many of the tops and break up.

Met Office Aberdeen Meteorologist's View

An improving day in the hills with clouds lifting and breaking up allowing some fine views from higher ridges and summits. Winds also easing down in the morning however colder air on the tops with even a light breeze will make it feel chilly.

Forecast for Monday 13 Sep 2021

Weather: It will be a dry and bright day with plenty of sunshine. A chilly start in the glens with even a few fog patches, gradually dispersing.

Maximum wind: Light winds at first but winds picking up from a southerly direction in the afternoon. Average speeds on the tops increasing to 25mph.

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Some patches of poor visibility at lower levels at first. Otherwise very good visibility with patchy cloud cover around 700 to 800m.

Temperature: **Glens:** 4 Celsius rising to 17 Celsius.
At 800m: Plus 7 Celsius.
Freezing level: Staying above the tops.
